

Trooper Sager,

Hi, this is Sunny Radosevich, I am the college student from CWU (now WWU) who was in the Kiwanis Career Camp last year.

Anyhow, the reason I am writing you this message is because I feel like I owe you a big THANKS for giving me the exact jolt I came to the camp in search of (although at the time I said that, I was thinking more along the lines of taser...) After I got home from the academy I started working out regularly. Since September I have stuck to a 5-day a week workout program of cardio and weight training. This has really changed things for me.

Before attending your class, I thought that being a student focused on academic performance gave me an excuse to not bother with fitness, but I came to realize that doing both is not impossible (Although, I have to admit that I did cancel my cable subscription), and is important if I intend to pursue a career in law enforcement.

I walked away from the academy with the opinion that you and the counselors were excellent representatives of the respective agencies and state divisions. I especially admired the continuous professionalism that you displayed when you were dealing with the class, you are a great example.

Highest regards,  
Sunny Radosevich
